SUMMARY

A highly motivated student with 1 year of experience in the IT industry and a strong academic background in OOP, ADS, Web Development (frontend and backend), Advanced Programming (Golang) and Mobile Development (Flutter/Dart). Possessing excellent problem-solving skills and a passion for developing innovative solutions, I have demonstrated my ability to successfully complete projects in a fast-paced, deadline-driven environment. Seeking to leverage my skills and experience to make a valuable contribution to a dynamic organization.

SKILLS

Languages: JavaScript
Front-End: React.js, HTML, CSS, Adaptive Layout (Flex-Box, Grid)
